

Report data: From 06:00 am, 01-04-2024(First Shift start) to 05:59 am, 02-04-2024 (End of previous day Night Shift)

Alerts generated for the recorded period

| Ref No | Criticality | Load Name | Parameter | Condition | First Start Time | Occurence Counter |
|--|-------------|-----------|-----------|-----------|------------------|-------------------|
| No alerts recorded in this time period | | | | | | |

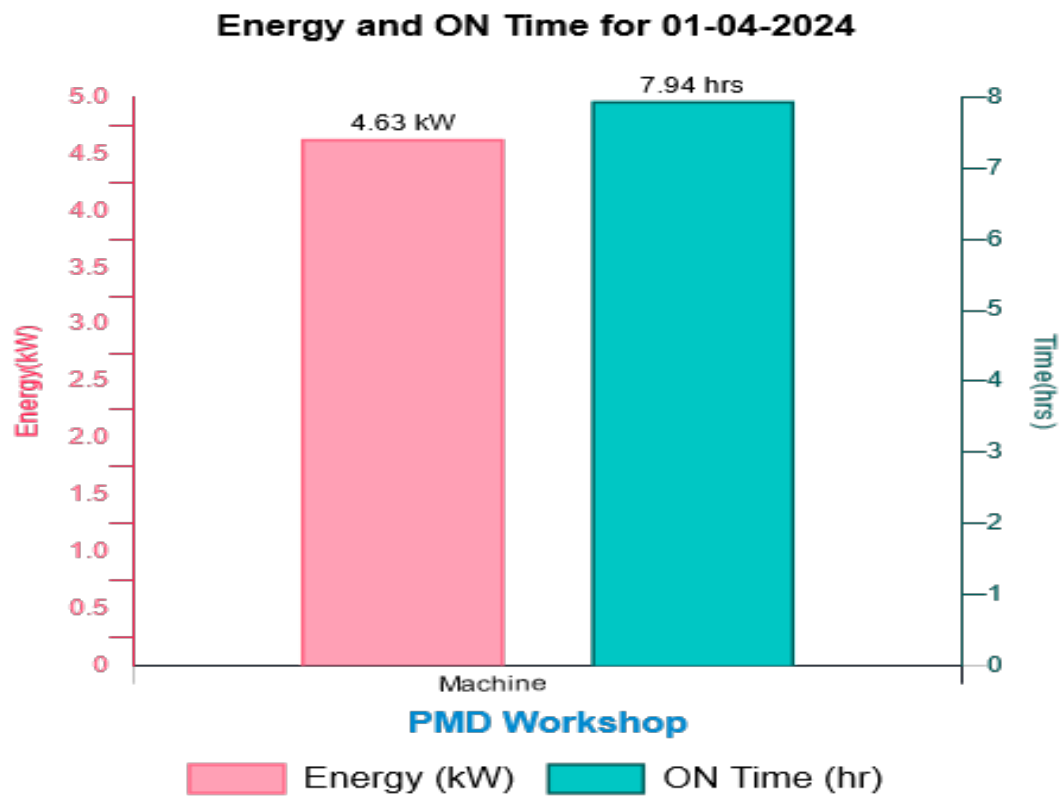

Energy Sourcing(Source wise split)

| | Total Energy Sourced(kWh) | Percentage | DG Fuel Consumption(liters) |
|-------|---------------------------|------------|-----------------------------|
| Total | 4.63 | 100% | 0.0 |

Energy Consumption Table below:

Energy Consumption for the recorded period

| Description | First Shift | Second Shift | Night Shift | All Shifts |
|--|----------------|----------------|----------------|----------------|
| Time Duration | 06:00 to 13:59 | 14:00 to 21:59 | 22:00 to 05:59 | 06:00 to 05:59 |
| Energy Consumption by PMD Workshop (kWh) | 4.63 | 0.00 | 0.00 | 4.63 |
| Total monitored Energy (kWh) | 4.63 | 0.00 | 0.00 | 4.63 |
